Introduction & Key Concepts

Created with the Personal Edition of HelpNDoc: Effortlessly Create Professional Documentation with HelpNDoc's Clean UI

Purpose of this Guide

Created with the Personal Edition of HelpNDoc: Maximize Your Documentation Capabilities with HelpNDoc's User-Friendly UI

System Overview

Created with the Personal Edition of HelpNDoc: Create HTML Help, DOC, PDF and print manuals from 1 single source

Prerequisites

Created with the Personal Edition of HelpNDoc: Streamline your documentation process with HelpNDoc's WinHelp HLP to CHM conversion feature

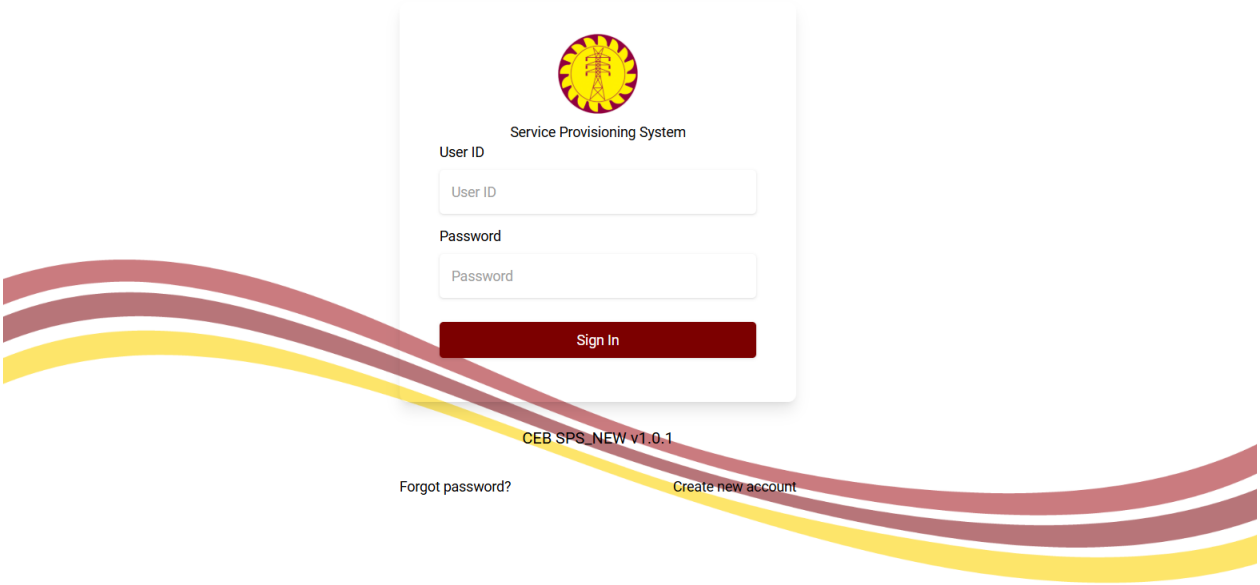
Logging Into the System

Created with the Personal Edition of HelpNDoc: Easy to use tool to create HTML Help files and Help web sites

Accessing the Login Page

2.1. Accessing the Login Page

1. *Open your web browser (such as Google Chrome or Microsoft Edge).*
2. *Click on the address bar at the top of the browser window.*
3. *Type the following web address exactly: http://10.128.1.59:8096/*
4. *Press the Enter key on your keyboard.*
5. *The system will load and display the **Service Provisioning System login screen**. It should look similar to the image below.*



TIP: For quick access in the future, you can bookmark this login page in your browser after it loads.

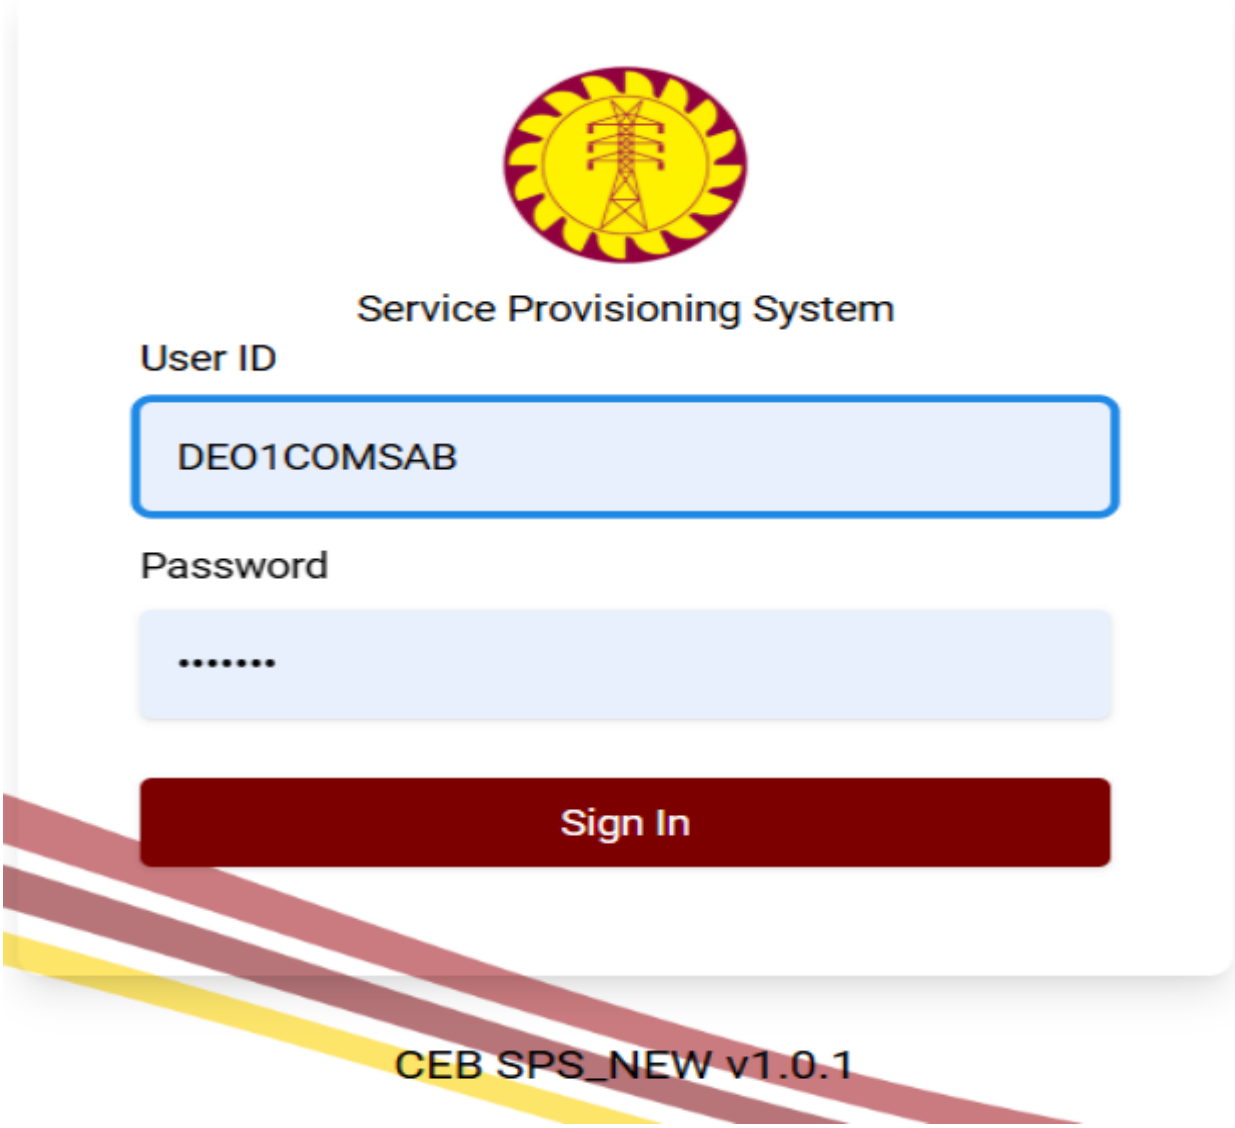
Created with the Personal Edition of HelpNDoc: Make Documentation Review a Breeze with HelpNDoc's Advanced Project Analyzer

Entering Your Credentials:

2.2. Entering Your User ID and Password

1. *Find the **"User ID"** field on the login screen.*
2. *Click inside the **"User ID"** box with your mouse.*
3. *Type your assigned User ID.*
4. *Press the **Tab** key on your keyboard to move to the next field, or click inside the **"Password"** box.*
5. *Type your password carefully.*
    - **Important**: Passwords are **case-sensitive**. This means "PASSWORD123" is different from "password123".

- For security, your password will appear as dots (•) or asterisks (*) as you type.
- Check if your **Caps Lock** key is turned on, as this is a common source of login errors.



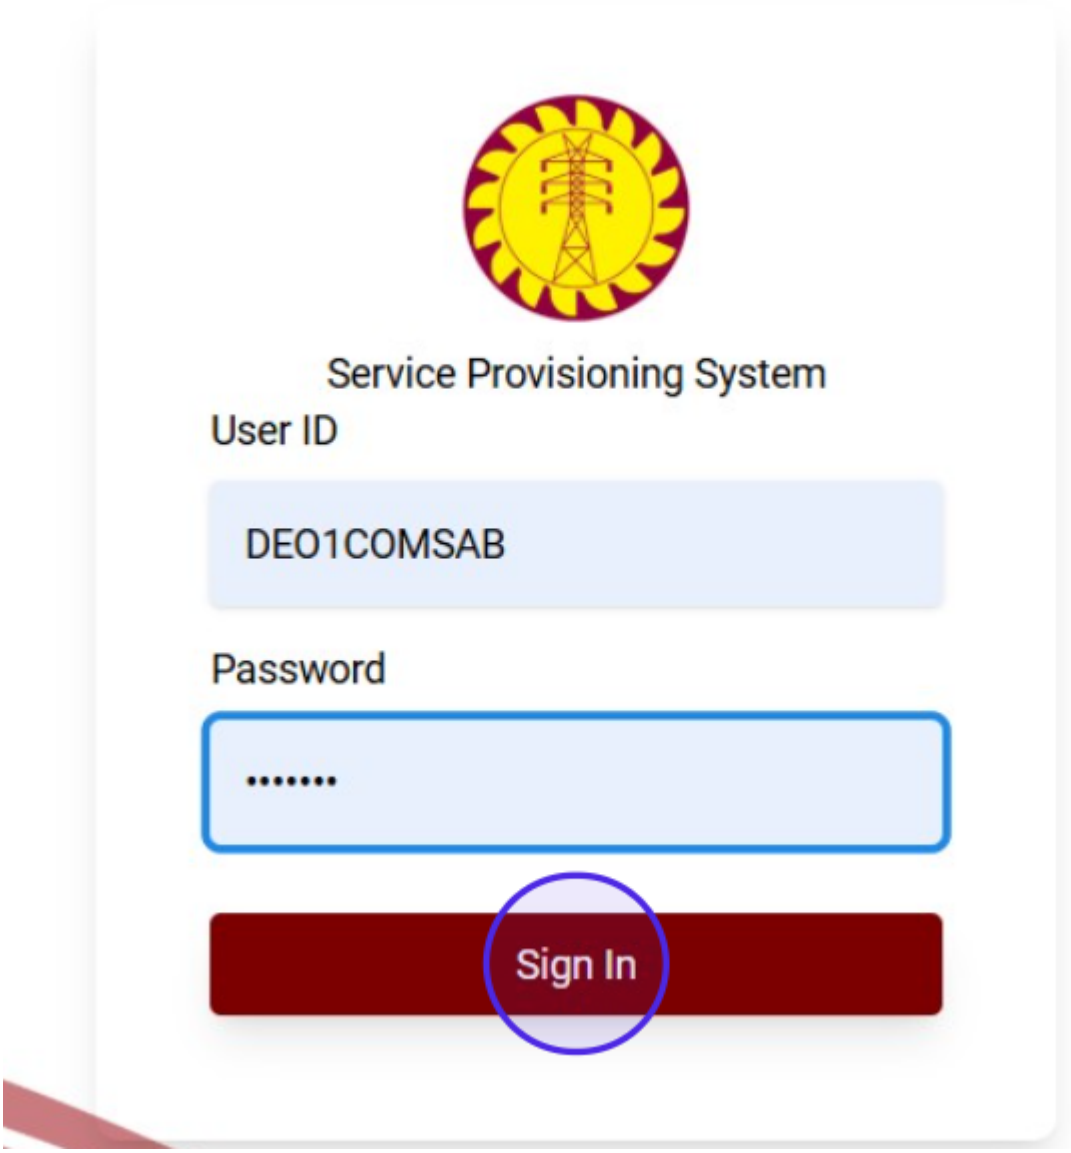
Created with the Personal Edition of HelpNDoc: Maximize Your CHM Help File Capabilities with HelpNDoc

Signing In

2.3. Signing In to the System

Once your credentials are entered, you can log in to access the main system.

1. *Look for the **"Sign In"** button on the login screen. (It may also be labeled "Login" or "Submit").*
2. *Click the **"Sign In"** button once with your mouse.*
3. *The system will now process your login request.*



What happens next?

- **If login is SUCCESSFUL**: You will see the main dashboard of the Service Provisioning System. You can now proceed to **Chapter 3: Navigating to Order Card Creation.**
- **If login FAILS**: A red error message will appear, typically saying **"Invalid User ID or Password".**
    - Do not panic. First, clear the **Password** field completely.
    - Re-type your password very carefully, ensuring Caps Lock is off.
    - Click "**Sign In**" again.

- If you still cannot log in, please contact your IT helpdesk or system administrator. Do not attempt to log in more than 3-4 times in a row, as this may lock your account.

Navigating to Order Card Creation

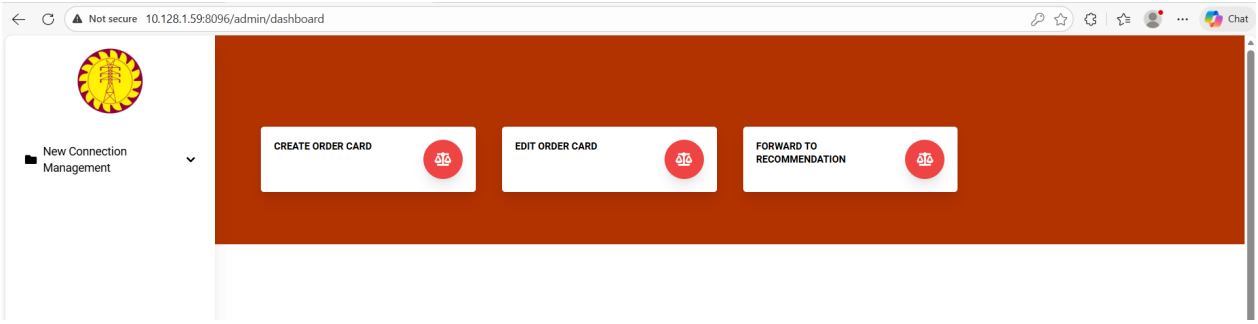
Created with the Personal Edition of HelpNDoc: Benefits of a Help Authoring Tool

Main Dashboard Overview

3.1. Understanding the Main Dashboard

After successfully logging in, the system will load the main dashboard. This is your central workspace.

1. *The dashboard provides an overview and quick access to different parts of the system.*
2. *On the left side of the screen, you will see the* ***main navigation menu.*** *This is a vertical list or panel of options.*
3. *On the right side, users can access a horizontal* ***menu of clickable cards****, including* ***Create OrderCard*** *,* ***Edit OrderCard****, and* ***Forward to Recommendation*** *like this Options for quick action execution.*
4. Your task is to find and click on the option related to **creating a new order.**



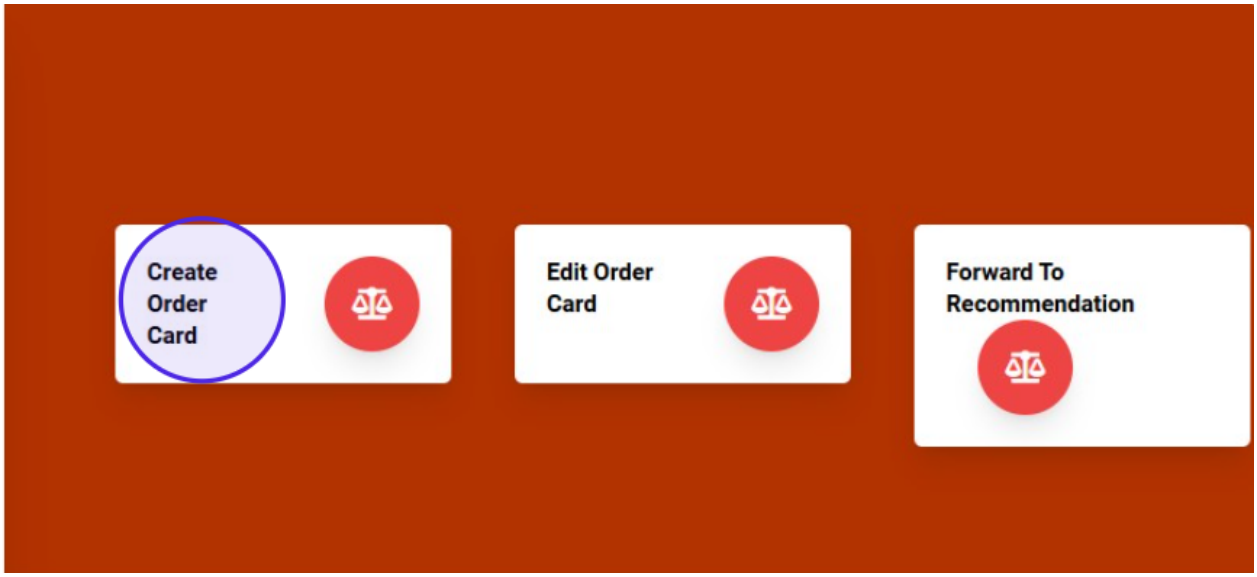
Created with the Personal Edition of HelpNDoc: Free CHM Help documentation generator

Selecting 'Create Order Card'

3.2. Selecting 'Create Order Card'

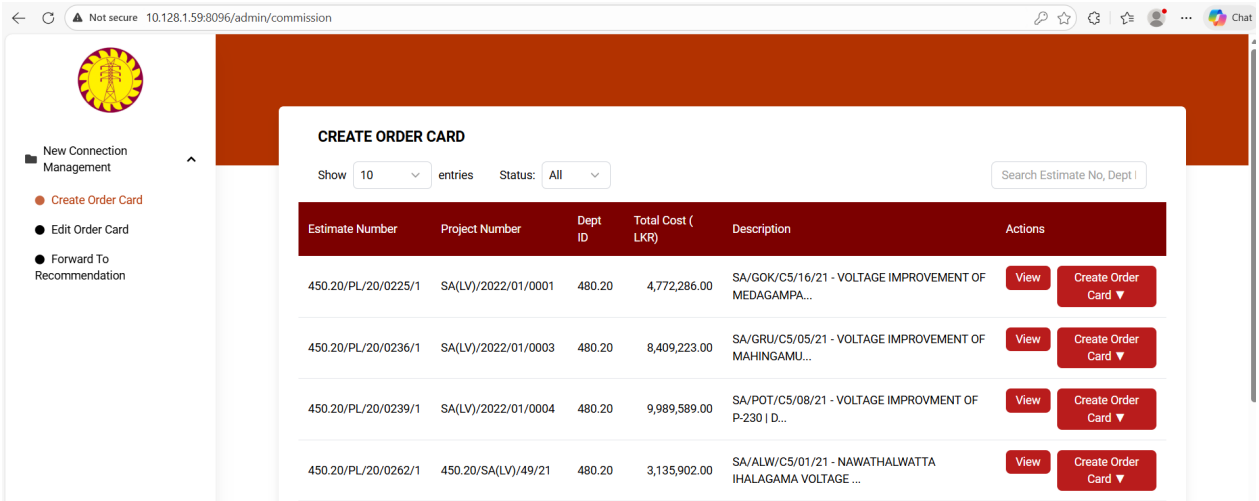
To start a new service request, you need to open the order card creation section from the menu or directly click **"CREATE ORDER CARD"** Button on the main window.

1. *Look in the **main navigation menu** on the left side of your screen.*
2. *Find and click on the menu option labeled **"Create Order Card".***
   - Note: This option might be under a parent menu like **"New Connection Management"**. If you do not see it immediately, look for a **dropdown arrow (▾)** next to a main category and click it to expand the menu.
3. *After you click **"Create Order Card"**, the main content area (the center of the screen) will change to show the order card creation section.*



What to Expect Next

- After clicking **"Create Order Card"**, the system will **show the interface** which have all the **CREATE ORDER CARD related details**. In here you can see we have **two clickable buttons** options **"View" and "Create Order Card"** in the loaded interface. now click the **"CREATE ORDER CARD"** button.



You are now ready to fill in the details of the new order card. Please proceed to Chapter 4: Creating a New Order Card - Filling the Form.

*TIP: If you cannot find the **"Create Order Card"** option, your user account might not have the necessary permissions. Please contact your **system administrator** to confirm your access rights.*

Creating a New Order Card - Filling the Form

This section provides a step-by-step guide to filling out the **new order card form**. All **mandatory fields** are **highlighted in red** on the actual screen. You must complete only these red fields to **submit the form**. Other fields are optional or may be filled automatically by the system.

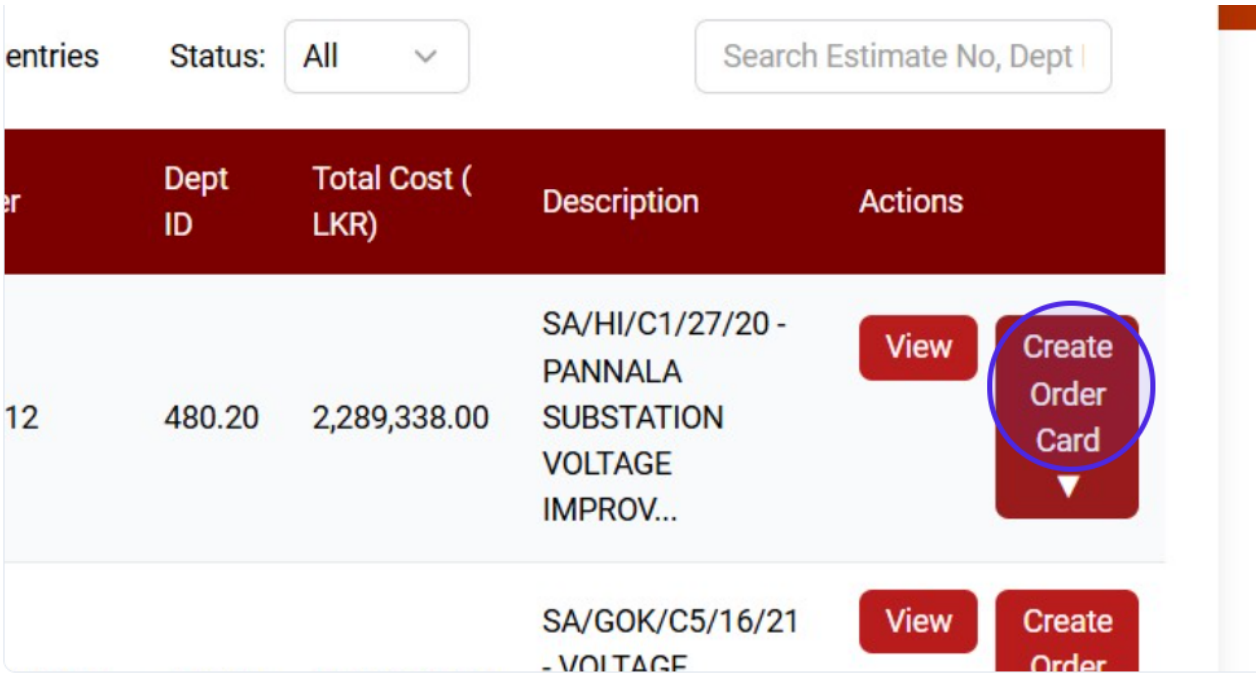
Created with the Personal Edition of HelpNDoc: Revolutionize Your Documentation Output with HelpNDoc's Stunning User Interface

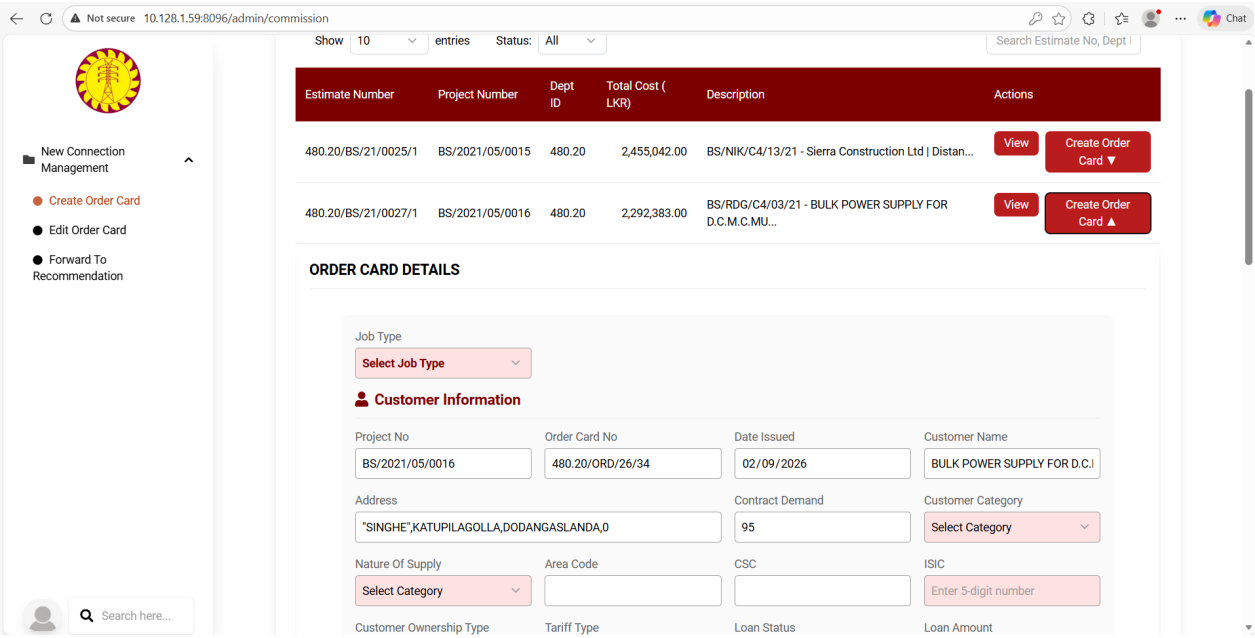
Opening the Form

4.1. Opening the Order Card Form

After navigating to "Create Order Card," you will see the initial creation screen.

1. *The screen will show a section titled "**CREATE ORDER CARD".***
2. *In this section, click the button labeled **"Create Order Card"**. This button finalizes the initialization and opens the **Order Card** form for you to fill.*
3. *A new form will load in the main content area. This is where you will enter all customer and job details.*





KEY RULE: Once the form opens, please complete only the fields highlighted in RED. These are mandatory. Ignore fields that are not highlighted.

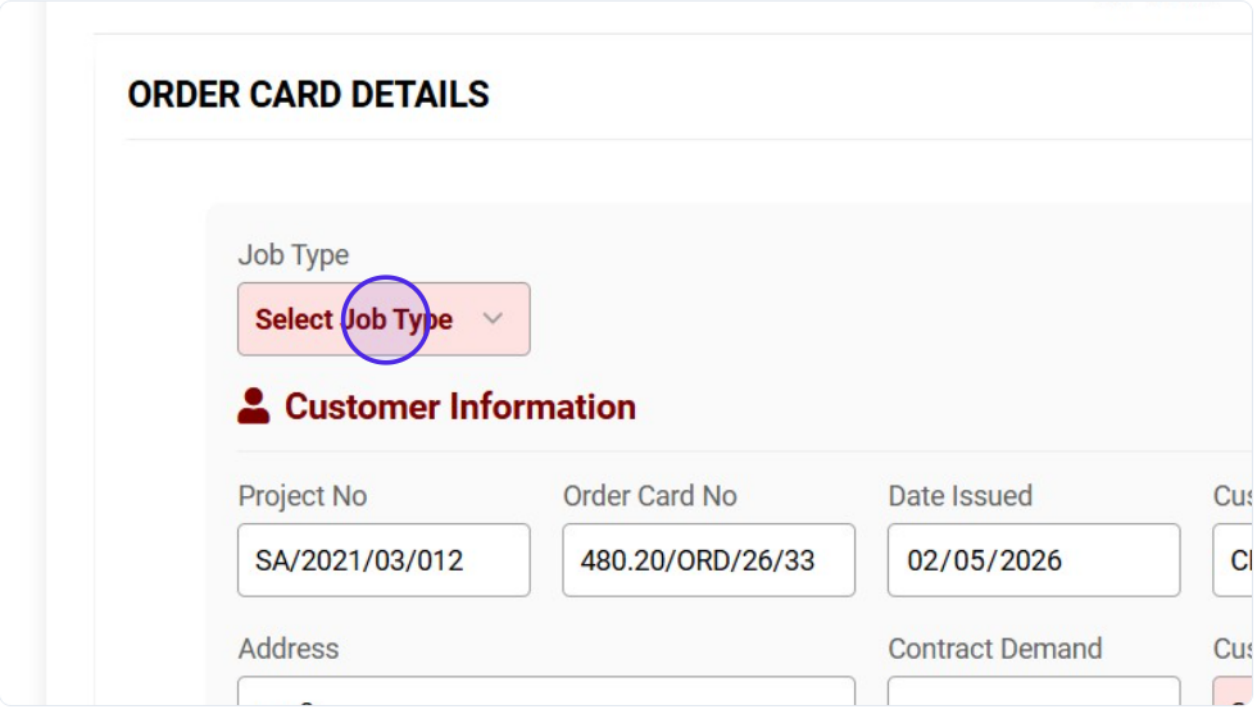
Created with the Personal Edition of HelpNDoc: Easily create PDF Help documents

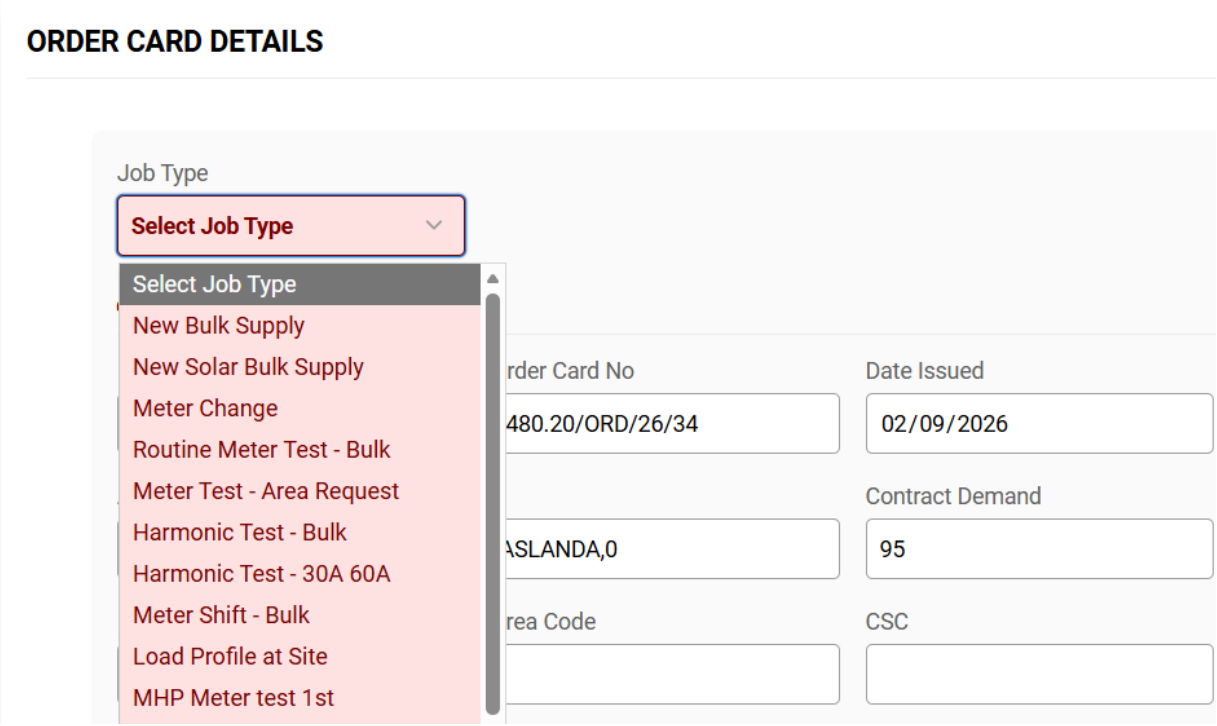
Selecting Job Details

4.2. Selecting the Job Type

The first mandatory field on the form is the Job Type. This categorizes the nature of the service request.

1. *Locate the field labeled **"Select Job Type"** or similar. It will be a dropdown menu and will be **highlighted in red**.*
2. *Click on the **downward arrow** (▼) inside or next to this field. A list of options will appear.*
3. *From the list, click on the correct job type for this order Card (e.g., **"New Bulk Supply", " Meter Test - Area Request", "Meter Change"**....).*





Created with the Personal Edition of HelpNDoc: Create HTML Help, DOC, PDF and print manuals from 1 single source

Selecting Customer Details

This group of fields identifies and categorizes the customer for whom the orderCard is being created.

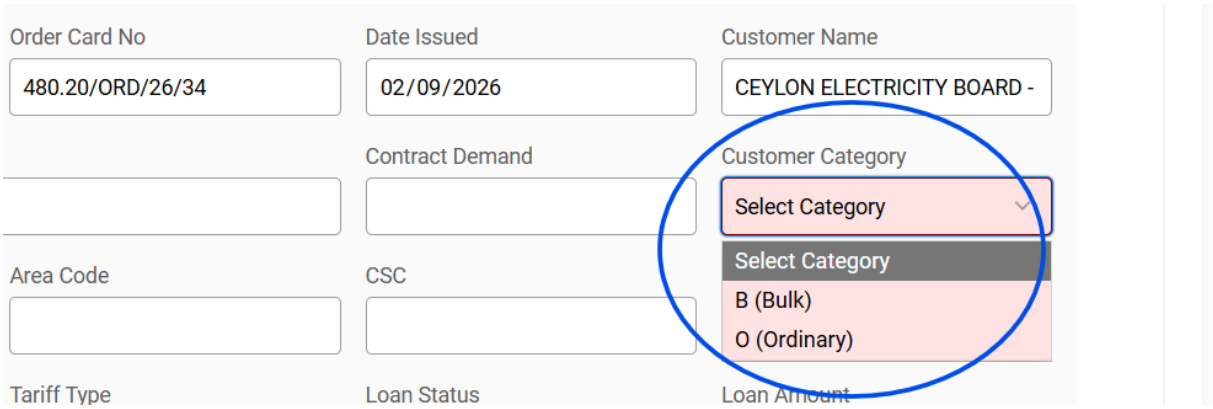
Created with the Personal Edition of HelpNDoc: Full-featured Help generator

Customer Category

4.3.1. Selecting Customer Category

After navigating to "Create Order Card," you will see the initial creation screen.

1. *Find the **"Select Category"** dropdown under the **Customer Category** section. This field will be red.*
2. *Click its dropdown arrow (▼).*
3. *Select the appropriate category from the list, such as **B (Bulk)** or **O (Ordinary)**.*



Created with the Personal Edition of HelpNDoc: Make Help Documentation a Breeze with a Help Authoring Tool

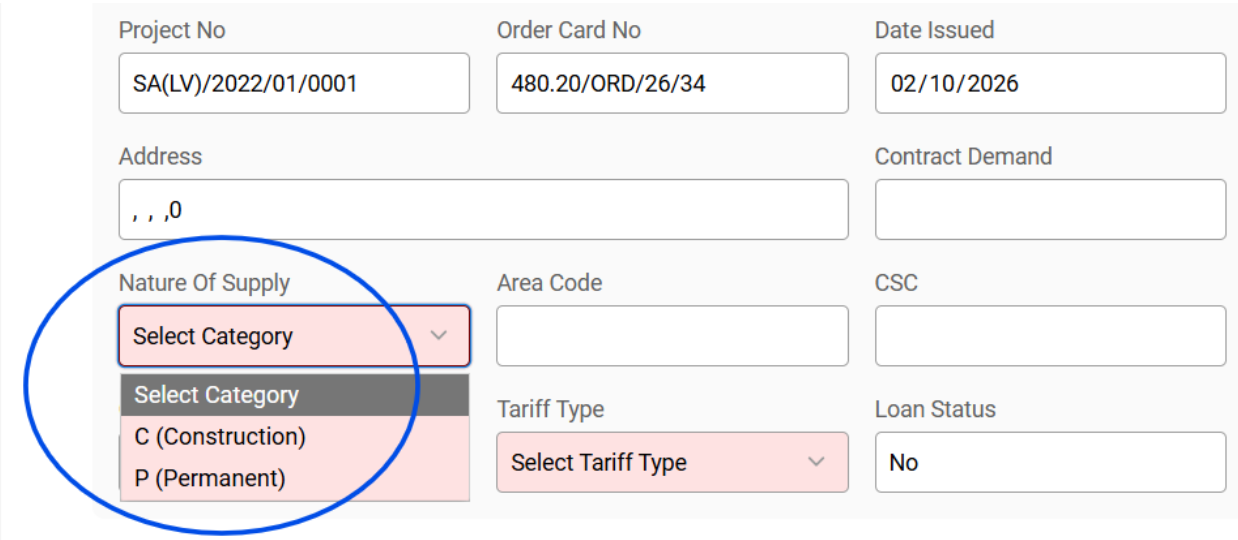
Nature Of Supply

4.3.2. Selecting Nature Of Supply

1. *Find the **"Select Category"** dropdown under the **Nature Of Supply** section. This field will be red.*

2. *Click its dropdown arrow (▼).*

3. *Select the appropriate category from the list, such as **C (Construction)** or **P (Permanent)**.*

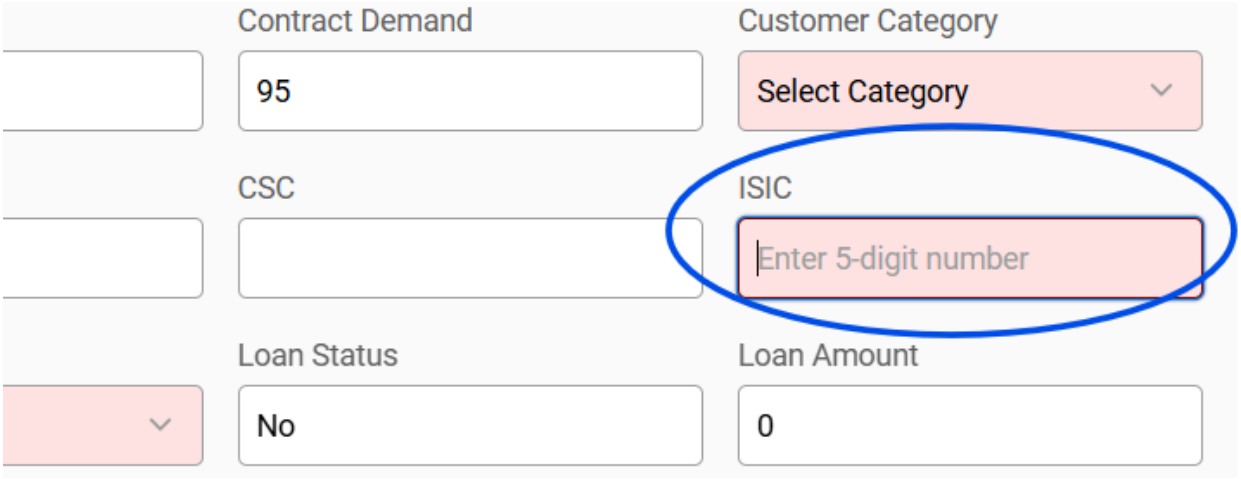


Created with the Personal Edition of HelpNDoc: From Word to ePub or Kindle eBook: A Comprehensive Guide

ISIC Number

4.3.3. Entering the ISIC Number

1. *Find the field labeled **"Enter 5-digit number"** or **"ISIC Number"**. It will be red.*
2. *Click inside the text box.*
3. *Carefully type the customer's **4 to 5-digit ISIC number**(**e.g., 47102**).*

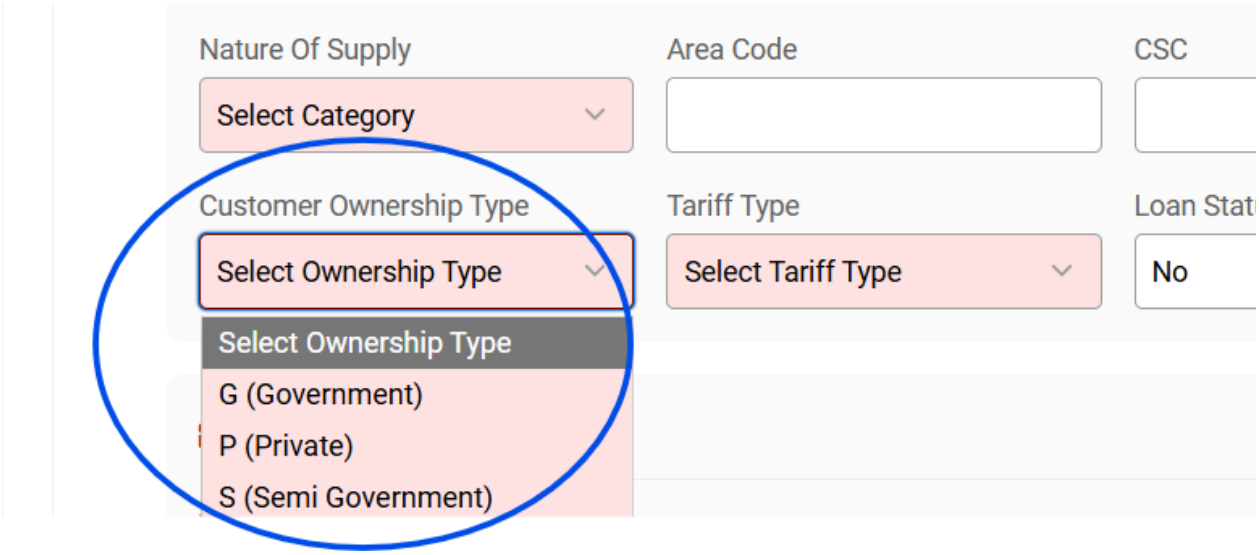


Created with the Personal Edition of HelpNDoc: Import and export Markdown documents

Customer Ownership Type

4.3.4. Selecting Customer Ownership Type

1. *Find the **"Select Ownership Type"** dropdown. It will be red.*
2. *Click its dropdown arrow (▼).*
3. *Select the correct ownership type from the list (e.g., **G (Government)** , **P (Private) or S (Semi Government)***

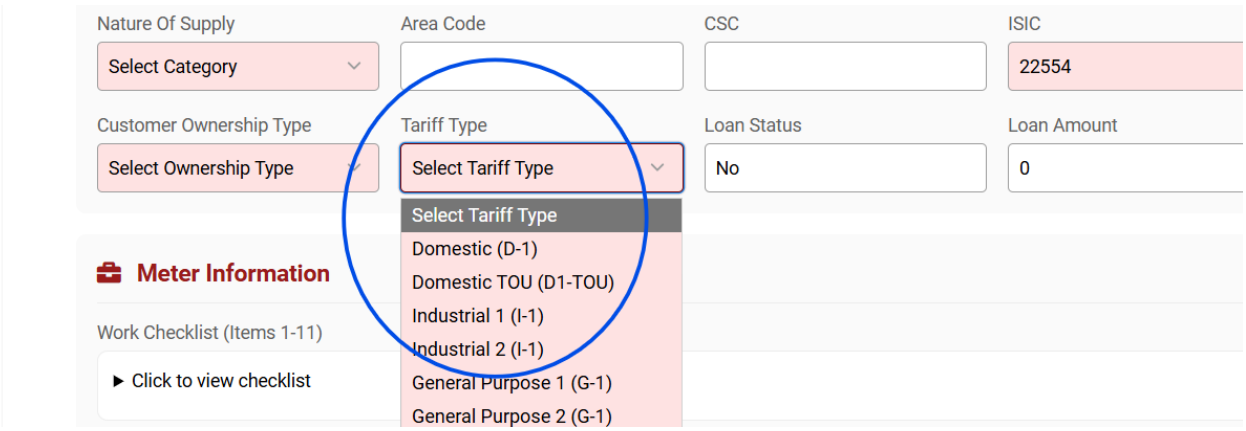


Created with the Personal Edition of HelpNDoc: Free Kindle producer

Selecting Service/Tariff Details

4.3.5. Selecting the Tariff Type

1. *Locate the "Select Tariff Type" dropdown field. It will be red.*
2. *Click its dropdown arrow (▼).*
3. *From the list that appears, select the correct tariff for this customer and job (e.g., **"Domestic - D1"**, **"General Purpose 2- GP2"**).*



Created with the Personal Edition of HelpNDoc: Leave the tedious WinHelp HLP to CHM conversion process behind with HelpNDoc

Finalizing the Order Card

After filling all red mandatory fields, you are ready to submit the order card to the system.

Created with the Personal Edition of HelpNDoc: Easily create PDF Help documents

Reviewing Your Entries

4.4.1. Reviewing Your Entries (CRITICAL STEP)

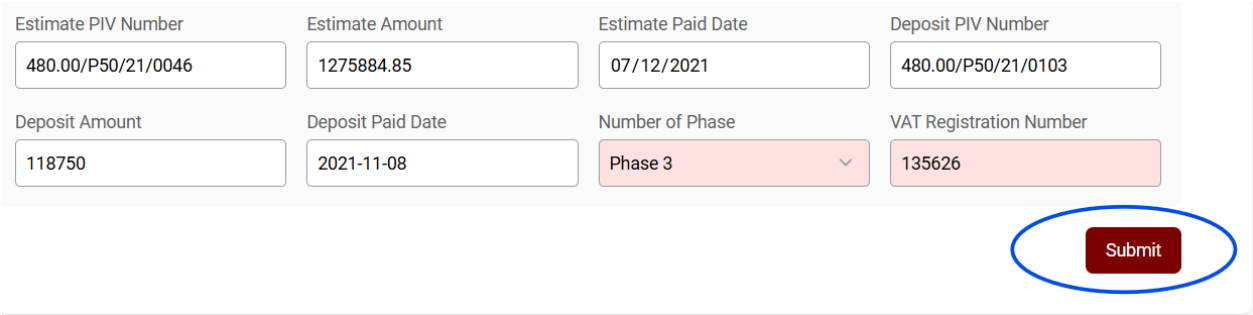
1. ***Before clicking Submit, scroll up and down the form once.***
2. *Double-check every field you have filled:*
    - *Is the **Job Type** correct?*
    - *Is the **Customer Category** and **ISIC Number** accurate?*
    - *Is the **Ownership Type** and **Tariff Type** right for this customer?*
3. *Correct any mistakes by clicking on the field and choosing a different option or re-typing.*

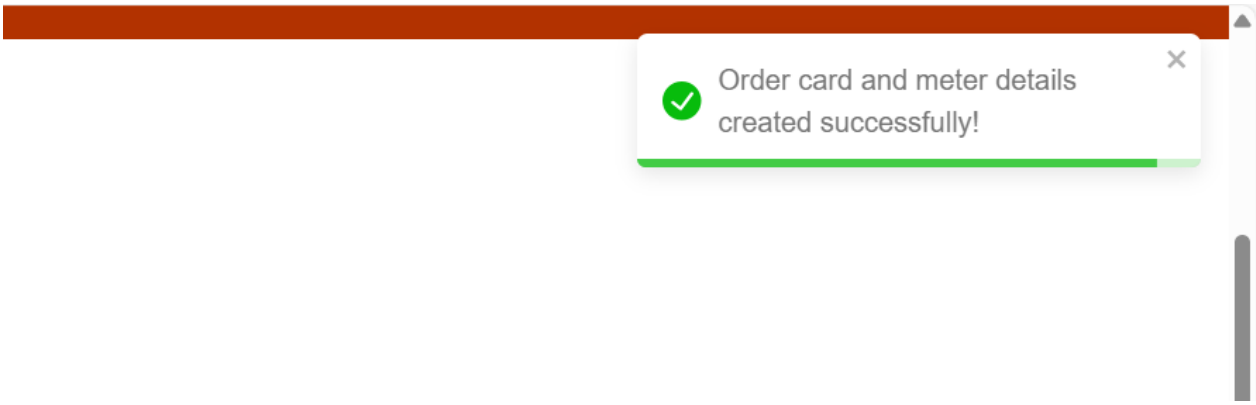
Created with the Personal Edition of HelpNDoc: Elevate your documentation to new heights with HelpNDoc's built-in SEO

Submitting the Order Card

4.4.2. Submitting the Order Card

1. *Scroll down to the bottom of the form.*
2. *Find the **"Submit"** button. It is usually a prominent button at the bottom.*
3. *Click the **"Submit"** button **once**. The system will now process and save the order card.*





What happens after submission?

- **If successful**: The page will refresh or a clear success message (e.g., "Order Card Created Successfully!") will appear.
- **If there is an error**: A red message will appear, usually at the top of the form. It will indicate the problem (e.g., "ISIC number not found"). Correct the mentioned field and click "Submit" again.

CONFIRMATION: A successful submission means the order card is now in the system and will proceed to the next stage in the workflow. Your task is complete.

Editing an Order Card

This section explains how to modify an existing order card using the Edit Order Card option in the main navigation menu. You may need to edit an order card to correct information, update customer details, or change service requirements.

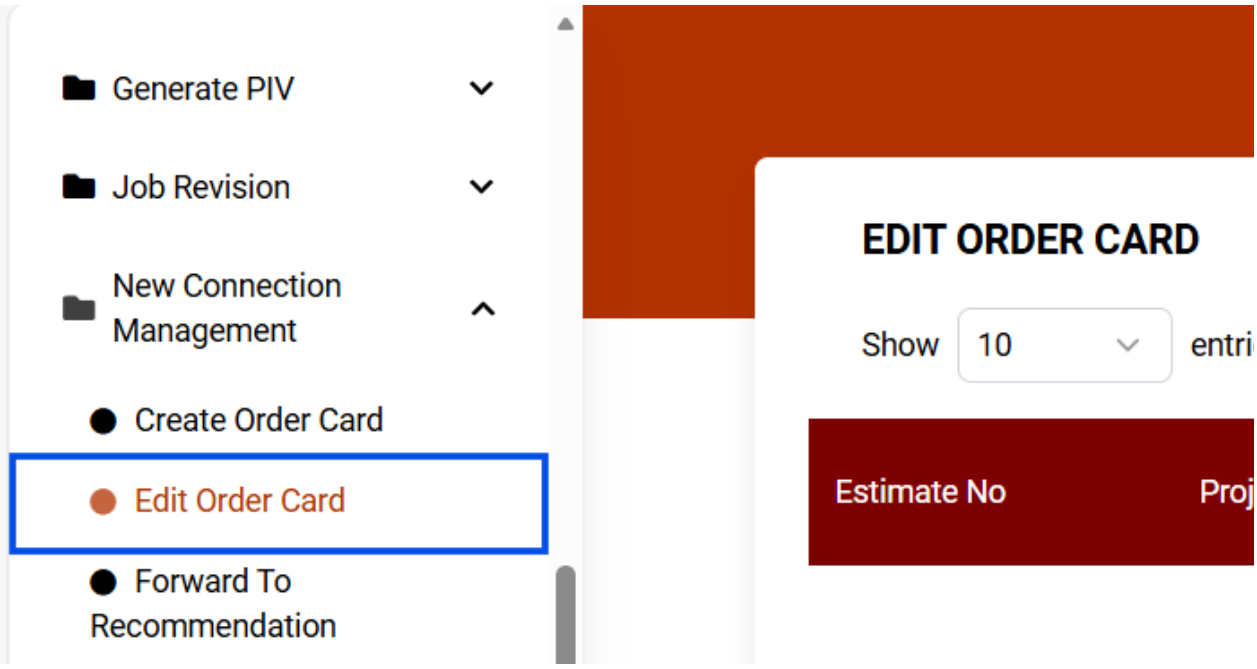
Created with the Personal Edition of HelpNDoc: Keep Your PDFs Safe from Unauthorized Access with These Security Measures

Accessing the Edit Order Card Screen

5.1. Accessing the Edit Order Card Screen

Your system has a dedicated menu option for editing, separate from creating new order cards.

1. *From the **main navigation menu** on the left side of the screen, locate and click on **"Edit Order Card"**.*
2. *The system will open a screen and select the order card you want to modify.*
3. *This screen typically displays a list of recent order cards or a simple search field to find a specific card by its Estimate No.*



NOTE: The "Edit Order Card" option is different from "Create Order Card." Make sure you click the correct one.

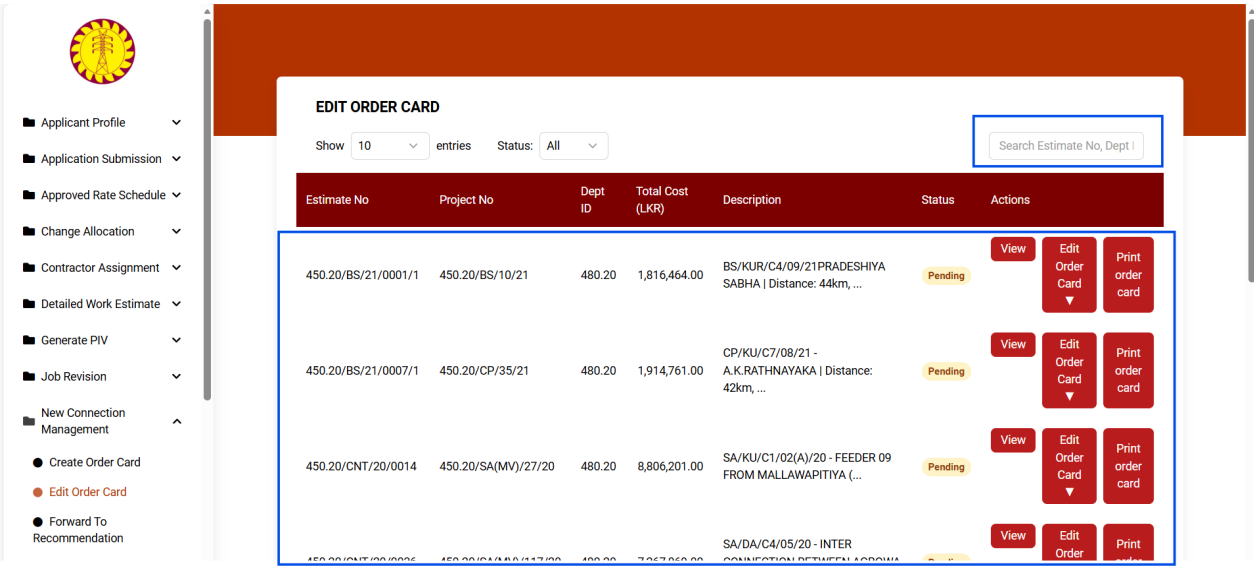
Created with the Personal Edition of HelpNDoc: Protect Your Confidential PDFs with These Simple Security Measures

Finding the Order Card to Edit

5.2. Finding the Order Card to Edit

After clicking "Edit Order Card," you will see a list or search interface to select which order card you want to modify.

1. *You will see either:*
   - **A list of recent order cards** displayed in a table
   - **A search field** where you can type an Estimate No
   - **Both** a search field and a results list
2. *To find your specific order card:*
   - If you know the **Estimate No for the Order Card** , type it in the search box and click **"Search"** or press Enter.
   - If you don't know the number, browse the list of recent cards and look for identifying details like Estimate No, Project No and Description.
3. *The system will display the matching **order card(s)** in a results table.*



TIP: The list usually shows the most recently created or modified order cards first. If you just created a card, it will likely be near the top of the list.

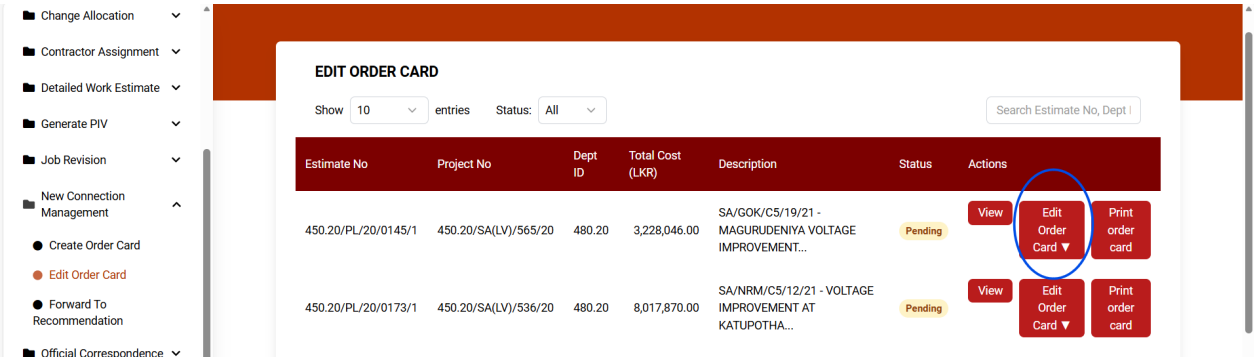
Created with the Personal Edition of HelpNDoc: Experience the Power and Ease of Use of a Help Authoring Tool

Selecting the Order Card to Edit

5.3. Selecting the Order Card to Edit

Once you have located the correct order card in the list, you need to open it for editing.

1. *In the results table, find the row containing the order card you want to modify.*
2. *look for an **"Edit" button** or a **pencil icon** (✎) in the row and click it.*
3. *The system will load the full order card form with all existing data populated.*



NOTE: Make sure you select the correct order card.

Created with the Personal Edition of HelpNDoc: Easily convert your WinHelp HLP help files to CHM with HelpNDoc's step-by-step guide

Understanding the Edit Screen

5.4. Understanding the Edit Screen

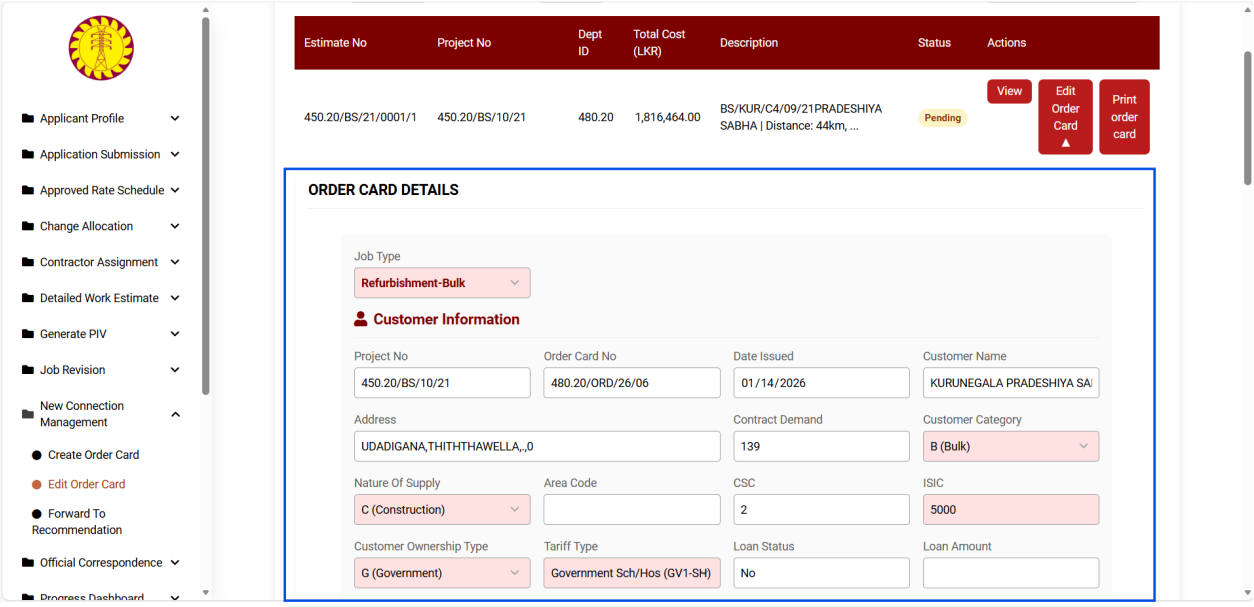
After selecting an order card, the system displays the order card form in **Edit Mode**.

1. *The form looks very similar to the creation form, but now **all fields are already filled** with the existing data.*

2. ***Editable fields** are typically highlighted or shown with a red background.*

3. *Some fields may be **grayed out or disabled** if they cannot be changed at the current stage.*

4. The screen title may change to **"ORDER CARD DETAILS"** and show the Editable Order Card form.



IMPORTANT: In edit mode, you are modifying an existing record. Be careful not to change information unless you are certain it needs correction.

Created with the Personal Edition of HelpNDoc: Free help authoring tool

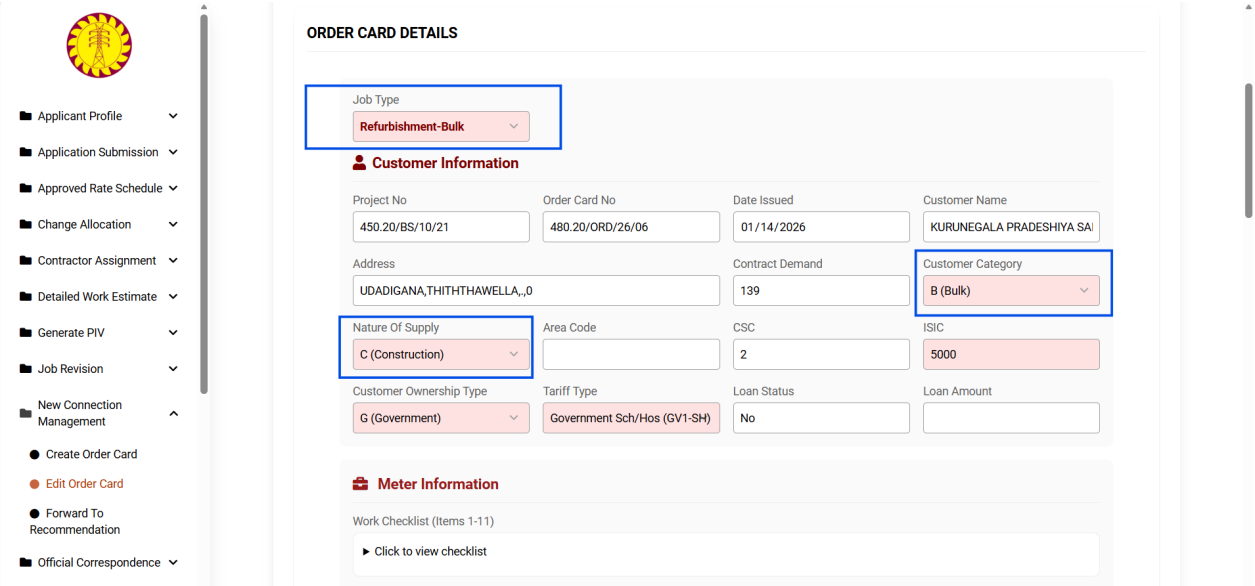
Modifying Order Card Details

5.5. Modifying Order Card Details

Now you can update the necessary information on the order card. Only fields

that are editable can be changed.

1. ***Identify the fields you need to modify****. These will be the editable fields.*
2. *Click inside the field you want to change.*
3. *Make your changes carefully. The system may validate certain fields as you type.*



REMINDER: You only need to change fields that have incorrect information. Leave correct fields as they are.

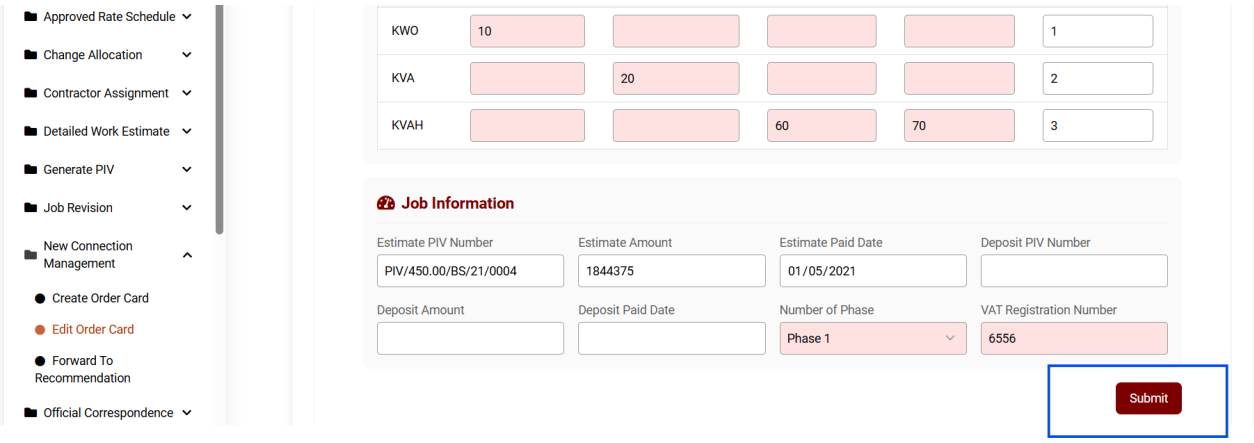
Created with the Personal Edition of HelpNDoc: Streamline your documentation process with HelpNDoc's WinHelp HLP to CHM conversion feature

Saving Your Changes

5.6. Saving Your Changes

After making all necessary modifications, you must save the updated order card.

1. ***Review all changes*** *one last time to ensure accuracy.*
2. *Scroll to the bottom of the form.*
3. *Look for the appropriate button:*
    - **"Submit"** - Saves OrderCard Form and closes the edit screen
4. Click the button **once**.



WARNING: Do not click ***"Cancel"*** *or* ***navigate away*** *from the page* ***without saving****, or all your changes will be lost.*

Created with the Personal Edition of HelpNDoc: Effortlessly Convert Your Markdown Content with HelpNDoc

Confirming Successful Update

5.6. Saving Your Changes

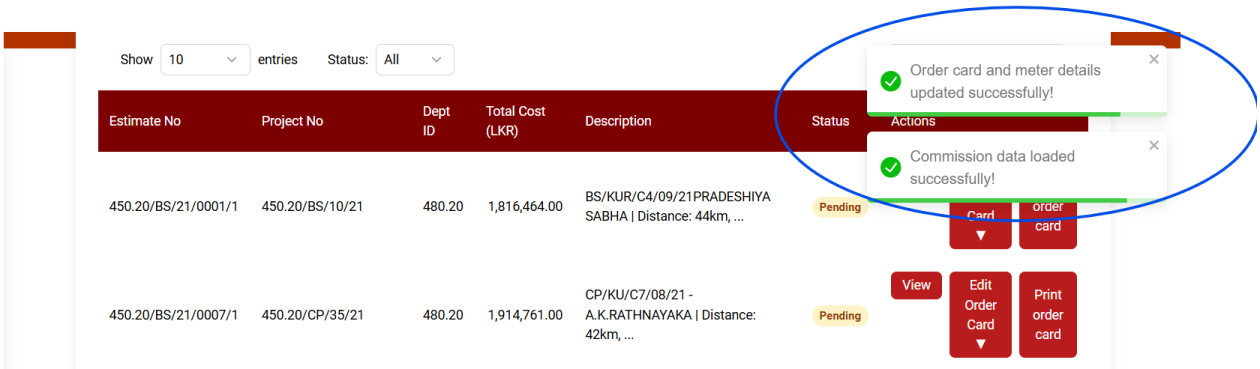
After saving, the system will confirm that your changes have been applied successfully.

1. *A confirmation message will appear, typically at the top of the screen:*
    - **"Order Card Updated Successfully"**

2. *The message is usually **green** for success.*

3. *You may be returned to the order card list, or the form may remain visible with the updated data.*

4. The updated information should now be visible on the screen.



VERIFICATION: To be absolutely certain your changes were saved, you can search for the Estimate No again and verify the updated information appears correctly.
